## Success!

The First Annual Michigan Thumb Chapter Networking Fair was in a word, "successful". The board of directors has determined this success based on the following statistics. 14 Vendor Participants; 78 attendees; and the following comments from our membership:

- *Well Organized Program*
- *I think you did a good job in the presentations,*
- *Was a good use of 3 hours*
- *An excellent first try for this type of event*
- *Excellent – very impressive – congrats to the board and committee members*

We have already begun work on what we hope to be our 2<sup>nd</sup> annual Networking Fair to take place tentatively on May 10<sup>th</sup>, 2005.

The Board of Directors would like to extend one final thank you to all of the members who assisted in any way to the planning and presentation of this event. It is great people like you who are willing to offer up some of your time that make events like this one possible. We look forward to working with all of you to make the next event even better than the last. Thanks again!!!!
